February 6, 2001

Regarding: Assembly Bill 2260 "**HEALTHY SCHOOLS ACT of 2000**"

Dear Parent and/or Guardian and OUSD Employees:

The Healthy Schools Act of 2000 requires schools to provide parents and/or guardians of students and school staff with annual written notification of pesticides use. During the school year, it may be necessary to apply pesticides at your child's school to avoid serious health problems posed by pests or to maintain the integrity of the school buildings and grounds.

Attached is a list of products we may need to use at our school sites during 2001.

The Act also provides parents and/or guardians and school employees the opportunity to register with the school district if they wish to be notified of individual pesticide applications at their specific school site. Persons who register for this notification will be notified at least 72 hours prior to any application.

To register, please send your name, address, student's name and school site to:

Operations Department  
Ojai Unified School District  
P.O. Box 878  
Ojai, CA 93024

"Attention Pesticide Notification"

It is the intent of the Ojai Unified School District to minimize the use of chemical pesticides and, when their use cannot be avoided, to utilize the least toxic appropriate method. You may obtain additional information on pest management products and practices on the California Department of Pesticide Regulation's website at <http://www.cdpr.ca.gov>.

If you have any questions please call me at 640-4300 ext. 327.

Sincerely:

Lowell Orcutt  
Director of Maintenance, Operations and Transportation

Davis Joint Unified School District

David J. Murphy • Superintendent

August 2001

Dear Parent/Guardian:

Our District is required to notify parents or guardians of their rights as specified in the California Education Code. The attached Education Code and District Policy identify these rights.

Please sign and return this form to your child's school acknowledging that you have been notified of your rights. Your signature does not indicate consent to participate in any particular program.

Sincerely,

Carol Bly, Ed.D.  
Deputy Superintendent  
Educational Services

-----  
Please sign and promptly return with your child to his/her school

I have been notified of the rights of parents or guardians as specified in the State of California Education Code and District Policy.

**Parent/Student Rights**  
**California Education Code**  
**And**  
**District Policy**

California Education Code Section 48980 requires governing boards of local school districts to provide annual notification to parents and legal guardians, hereafter included in the term parents, of minor pupils of their rights regarding certain school activities. Education Code Section 48982 requires that parents sign and return to school the notice acknowledging that they have been informed of their rights, but not necessarily indicating that consent to participate in any particular program has been given or withheld. Legally required notification is hereby provided:

**Alternative Schools Notice (E.C. 58501)** California state law authorizes all school districts to provide for alternative schools. Section 58000 of the Education Code defines alternative school as a school or separate class group within a school. The Davis Joint Unified School District offers three alternative schools to help meet the academic needs of students. The schools are:

1. César Chávez Elementary School (Spanish Immersion K-6). For more information, contact César Chávez Elementary School at 757-5490.
2. Davis School for Independent Study - K-12. For more information about independent study, contact the Davis School for Independent Study at 757-5333.
3. Martin Luther King High School - 10-12. For more information about King High, call 757-5425.

**Attendance**

**Absences for Religious Purposes (E.C. 46014)** Pupils, with the written consent of their parents or guardians, may be excused from school in order to participate in religious exercises or to receive moral and religious instruction at their respective places of worship or at other suitable place or places away from school property designated by the religious group, church, or denomination, which shall be in addition and supplementary to the instruction in manners and moral required elsewhere in this code. No pupil shall be excused from school for such purpose on more than four days per school month.

**Excused Absences (E.C. 48205)** Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to his or her illness.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or attendance at an employment conference, when the pupil's absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. As the teacher of any class from which a pupil is absent shall determine the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

**Special Education Complaint Procedure (Title 45, Code of Federal Regulations, Section 121.602, CAC 5,3309 District Board Policy and Administrative Procedures 3.8-9).** Any individual, public agency, or organization may file a written complaint with the Superintendent of Public Instruction alleging a matter which, if true, would constitute a violation by the school district of federal or state laws or regulations governing special education and related services. In the event any parent, pupil, or teacher is interested in further information, please contact the administrative office of the district of the principal of the school closest to where you reside.

**Emergency Information (E.C. 49408)** For the protection of pupils' health and welfare, parents are required to keep current, at the pupil's school of attendance, emergency information including the home address and telephone number, business addressees and telephone number(s) of the parents. Also, the parents are required to provide and keep current the name, address, and telephone number of a relative or friend who is authorized to care for the pupil in any emergency situation, including medical care provider, if the parent cannot be reached.

**Graduation from High School (E.C. 60850 and 51224.5)** Commencing with the 2003-04 school year and each school year thereafter, each pupil completing the 12<sup>th</sup> grade will be required to successfully pass the California High School Exit Exam (CAHSEE). For the 2001-2002 school year, the CAHSEE will be given March 5-7, 2002.

In addition (commencing with the 2003-04 school year and each school year thereafter), while in grades 9-12, students must successfully complete at least one course that meets or exceeds the rigor of the content standards for Algebra I.

**Governor's Scholars Programs** As of September 11, 2000, California has implemented two new merit-based scholarship programs that were designed to encourage students to study hard in order to master the State content standards and to pursue rigorous coursework in order to excel in mathematics and the sciences. Students in the 9th, 10th and 11th grades that demonstrate high academic achievement on statewide Standardized Testing and Reporting (STAR) exams can earn scholarships of \$1000. Additional scholarships of \$2500 will be awarded to those students who first win a \$1000 scholarship and then go on to achieve the highest scores on the calculus and science portions of the Advanced Placement (AP), Golden State, and the International Baccalaureate Program exams. More information about these programs may be found at the website: <http://www.scholarshare.com/>

**Investment For Future Education (E.C. 48980.d)** Parents are encouraged to begin considering appropriate investment options, including but not limited to U.S. savings bonds, for future college or university education for their child(ren).

**Pesticide Products (E.C. 48980.3)** In accordance with the Healthy Schools Act of 2000 (Education Code §§ 17608-17613), the Davis Joint Unified School District must notify all staff and parents or guardians of students of the names of all pesticide products expected to be applied at the school facility during the upcoming school year and must identify the active ingredient(s) in each pesticide product. The District will provide parents and guardians of students this list in one of the first three elementary school newsletters or in the first secondary newsletter. Staff will be sent notification at the same time.

Employees, parents/students, and students may register with the District to receive notification of individual pesticide applications at the school facility at least 72 hours in advance of pesticide applications. The notice will include the product name, the active ingredient(s) in the product, and the intended date of application. (Note: Pesticide applications are subject to cancellation if environmental or meteorological conditions are unsatisfactory to apply pesticides.)

To receive notification, email the District at [customerservice@djusd.k12.ca.us](mailto:customerservice@djusd.k12.ca.us) and place the phrase "Pesticide Notification" on the subject line; call the District Office at (530) 757-5300 ext. 101 and note that the call is in regard to notification of pesticides; or mail a letter to the Customer Service Desk, Davis Joint Unified School District, 526 B Street, Davis, CA 95616, to register for notices. In each case, include your name, address, telephone number, email address (if appropriate), and the school(s) for which you are interested in receiving spraying notification.

If the District chooses to introduce a new pesticide during the upcoming school year, the District will provide written notification at least 72 hours before the application of said pesticide.

More information on pesticides is available at the Department of Pesticide Regulation's website at <http://www.cdpr.ca.gov>.

**School Accountability Report Card (E.C. 35256)** The District has developed and implemented for each school in the District an School Accountability Report Card which is available on the District web page and at the District Office upon request.

Pesticide products that may be used at Ojai Unified School District sites during calendar year 2001.

<b>PRODUCT</b>	<b>ACTIVE INGREDIENTS</b>
Blitz No. 1932	2-(1-methylethoxy), Phenyl methylcarbonate

MSMA Turf	Monosodium Acid Methanoarsonate
Trimec	2,4-dichlorophenoxyacetic acid; 2-(2-methyl-4chlorophenoxy) propionic acid; (3,6-dichloro-o-anieic acid)

## ANNUAL PESTICIDE USE NOTIFICATION

The District has adopted an Integrated Pest Management (IPM) policy. This policy includes notifying parents/guardians of pesticide use. During the school year, it may be necessary to apply pesticides at your child's school to avoid serious health problems posed by pests and/or maintain the integrity of a structure. You are notified as follows:

- An application of products on the Approved List may be applied during the school year (the attached list of pesticide products has been approved for use at District sites).
- In the event the use of a product is required and is not on the Approved List, you will be notified 72 hours in advance (Exception: Emergency circumstances that warrant an immediate response)

If your child's health and/or behavior would be influenced by exposure to pesticide products and you would like to be notified each time a pesticide application takes place at your child's school, please complete the following form and return it to the Principal.

----- Cut here and return if applicable -----

## PARENT/GUARDIAN REQUEST FOR NOTIFICATION

I would like to be notified every time a pesticide application is to take place at my child's school (i.e., in addition to annual notification). I understand that the notification will be sent home with my child at least 72 hours before application.

# NOVATO UNIFIED SCHOOL DISTRICT

## Board Policy

Series 3000

BP 3514.3

### BUSINESS SERVICES

The Novato Unified School District recognizes that maintenance of a safe, clean and healthful environment for students and staff is essential to learning. It is the goal of the District to provide the safest and lowest risk approach to control pest problems while protecting students, staff, the environment and District properties and assets.

The District adopts a Least-Toxic Integrated Pest Management (IPM) Policy. Pest will be controlled: to protect the health and safety of the students and staff; to maintain a productive learning environment; and, to maintain the integrity of the school buildings and grounds. It is the policy of the District to focus and develop long-term pest prevention methods and give "non-chemical" methods first consideration when selecting appropriate control measures. The full range of alternatives will be considered, giving preference to non-chemical methods, and then chemicals that pose the least hazard to people and the environment.

A Least-Toxic Integrated Pest Management (IPM) Policy contains the following elements:

1. Monitoring to determine pest population levels and identify decisions and practices that could effect pest populations.
2. Setting of injury and action levels to determine when vegetation or a pest population at a specific site cause(s) unacceptable economic or medical damage wherein corrective action should be taken.
3. Modification of pest habitats to deter pest populations and minimize pest infestation.
4. Consideration of a range of potential treatments for the pest problem, including prevention, mechanical, cultural, and biological methods of pest control, using synthetic chemical controls only as a last resort and only those chemicals that pose the least possible hazard to people and the environment.
5. Establish a committee to provide guidance, education and support regarding IPM procedures. Members of the committee will be appointed by the Superintendent and may include the following: Superintendent or designee, Board Member, IPM Coordinator, parent, certificated staff member, classified staff member and one community member at large.

6. Abstain from using any pesticide product containing an ingredient known to the State of California to cause cancer, developmental toxicity, or reproductive toxicity, pursuant to the California Safe Drinking Water and Toxic Enforcement Act of 1986, or any pesticide product containing an ingredient classified by the United States Environmental Protection Agency as a known human carcinogen, reproductive toxin, developmental toxin or endocrine disrupter.

The Superintendent shall designate a staff person to coordinate the IPM program. The IPM coordinator shall be educated in the principles and practice of least toxic IPM and be responsible to provide:

- Oversight for the successful implementation of the program consistent with this policy and coordinate all District efforts to adopt IPM.
- Overall program management and provide proposed procedures and products for use in managing pest populations.
- Formal notification to parents, staff and students of any chemical pesticide application including pre-and-post signage.
- Establish and maintain a registry of parents, staff and students that have indicated they desire notification 72 hours prior to pesticide applications.
- Record-keeping guidelines for any chemical pesticide application.
- Education and training for IPM personnel.
- A list of approved procedures and products.

## INTEGRATED PEST MANAGEMENT POLICY STATEMENT

October 22, 1991

Structural and landscape pests can pose a significant problem to people and the environment. Toxic pest control chemicals can also pose a significant problem to people and the environment. It is, therefore, the policy of the San Diego Unified School District to incorporate Integrated Pest Management (IPM) procedures for the control of structural and landscape pests. Integrated Pest Management means that pest problems will be alleviated with the least possible hazard to people, property, and the environment by using IPM methods that are safe, effective, and economically feasible. Pesticides will be carefully evaluated before use and will only be used after non-toxic and other safer methods have been considered.

Integrated Pest Management will include the following components:

1. Educate staff, students, and the public about school pest problems and the Integrated Pest Management policies.
2. Develop plant inventory and pest problem survey procedures.
3. Identify pests that are considered public health problems and methods to prevent them in the least toxic way from becoming a health problem.
4. Identify and evaluate cultural/environmental conditions that encourage pest problems. Make recommendations for remedial action.
5. Monitor population levels of pests to determine treatment procedures.
6. Review all available options for acceptability and/or feasibility before the use of chemical pesticides. Maintain records of IPM procedures considered before any chemical treatment. Cost or staffing considerations will not be the sole justification for use of chemical control agents.
7. Ensure that pesticide applicators, whether in-house or contracted, are educated and trained in the use of current pesticides approved for use by the San Diego Unified School District and that applicators follow label directions, precautions, and application regulations.
8. Establish and maintain pesticide use reporting and recordkeeping procedures.
9. Establish system to evaluate and measure control success.
10. Make information accessible to the public and employees regarding pesticides used and areas treated.
11. Eliminate fire potential (tall dry grass, dead trees, etc.) in the safest and most timely manner using available resources.
